

Our Costs for Applying for the Grant, Collecting and Distributing the Assets (uncontested)

We anticipate this will take between 4 and 15 hours work at £201 per hour. We would estimate our average costs range from £804 to £3015 plus VAT plus any disbursements such as probate court fees (see below).

The exact cost will depend on the individual circumstances of the matter. For example, if there is one beneficiary and no property, costs will be at the lower end of the range. However, if there are multiple beneficiaries, a property and multiple bank accounts then costs will be at the higher end.

We will handle the full process for you. This quote is for estates where:-

- There is a valid Will.
- There is no more than one property.
- There are no more than 2 bank or building society accounts.
- There are no other intangible assets.
- There are 1-4 beneficiaries.
- There are no disputes between beneficiaries (or any other person) regarding division of assets. If disputes arise this is likely to lead to an increase in costs.
- There is no Inheritance Tax payable and the Executors do not need to submit a full account to HMRC.
- There are no claims made against the estate.

Disbursements

We can give you a more accurate quote once we have more information as costs can range significantly depending on the estate and how it is to be dealt with.

How long will this take

On average, estates that are straightforward and without complication are dealt with within 3-12 months. Typically, obtaining the Grant of Representation takes 8-16 weeks. Collecting assets then follows, which can take between 8 – 12 weeks. Once this has been done, we can distribute the assets, which normally takes 2– 4 weeks. The time estimate could vary and often we are reliant about third party responses which we have no control over. If there are any unavoidable delays we will keep you updated.
